

DRILL COLUMN P-500.1

CEDIMA P-500.1 – High-performance drilling up to 500 mm.

Order No: 50015626

The CEDIMA P-500.1 core drilling rig has been developed for medium-duty core drilling applications and impresses with its high flexibility and user-friendly operation.

Thanks to its compatibility with various CEDIMA drilling motors, it can be optimally adapted to different operational requirements. With a maximum drilling diameter of up to 500 mm, the P-500.1 offers a powerful and reliable solution for professional applications.

**Professional core drilling technology
for the most demanding applications.**

Technical data		Drill Column P-500.1
Max. Drill-Ø	mm	500
Max. Drilling Lift	mm	690
Angled drilling		adjustable up to 45°
Dimensions L x W x H	mm	670 x 320 x 1100
Weight	kg	22,7
Suitable drilling motors		C-BMS-350, C-BM-32, C-BM-32 S, DK-32, DK-52

Your benefits:

- Feed carriage: roller guide with eccentric adjustment
- Column infinitely adjustable up to 45°
- Feed lever can be attached on either side
- Carriage can be locked in place
- Quick-release coupling enables quick and easy fitting/removal of the drill motor from the drill stand

**Guide rail
made from aluminium profile**

**Optional
reduction gearbox on the
feed carriage: 1:3.3 or 1.1**

**Double support for the
column at the rear**

**Sturdy dowel base with integra-
ted adjustment screws**

**Also includes
a wheel fitting kit**

Subject to technical and optical changes and further developments.
